AMERICAN ASSOCIATION OF DRILLING ENGINEERS
APPALACHIAN CHAPTER
2020-2021
SCHOLARSHIP PROCEDURES AND GUIDELINES

Purpose of Scholarship:

Up to ten \$1000 AADE scholarships are being offered for the 2020-2021 academic year. The Appalachian Chapter of the AADE is utilizing these scholarships to encourage college bound high school seniors to consider a career in the oil and gas industry. This scholarship is NOT being limited to Petroleum Engineering majors; or for that matter, engineering majors.

These scholarships will be awarded based on:

1. academic excellence
2. financial need
3. extenuating circumstances

If you are awarded one of these ten \$1000 scholarships; upon completion of your freshman year, you may become eligible to apply for one of three (3) planned \$2000 annual scholarships which may be in effect for the remaining three (3) years of college. The total potential AADE aid could amount to \$7,000 over 4 years.

To qualify the candidate must meet the following criteria:

- a) Graduate from High School with a GPA or GPR of 3.5 or above
- b) Scored at least a composite 27 on the ACT, or scored at least a minimum 600 in Math and 600 in Critical Reading on the SAT.
- c) Be enrolled in an accredited college in Pennsylvania, Ohio or West Virginia
- d) Be a citizen of the United States of America
- e) Submit a fully completed and signed AADE Scholarship Application.

The application must be received by Josh Doak via email only (aade@rangeresources.com) no later than April 15, 2021.

The Scholarship Committee shall recommend scholarship awards to the AADE Appalachian Chapter Board of Directors for final approval.
